If you aren't sure whether you owe the AMT, complete the Worksheet To See if You Should Fill in Form 6251.

Line 2

Excess Advance Premium Tax Credit Repayment

The premium tax credit helps pay premiums for health insurance purchased from the Marketplace. Eligible individuals may have advance payments of the premium tax credit paid on their behalf directly to the insurance company. If you, your spouse with whom you are filing a joint return, or your dependent was enrolled in coverage purchased from the

Marketplace and advance payments of the premium tax credit were made for the coverage, complete Form 8962 to reconcile (compare) the advance payments with your premium tax credit. You (or whoever enrolled you) should have received Form 1095-A from the Marketplace with information about your coverage and any advance credit payments. If the advance credit payments were more than the premium tax credit you can claim, the amount you must repay will be shown on Form 8962, line 29. Enter that amount, if any, on line 2.

You may have to repay excess advance payments of the premium tax credit even if someone else enrolled you, your spouse, or your dependent in Marketplace coverage. In that case, another individual may have received the Form 1095-A for the coverage. You also may have to repay excess advance payments of the premium tax credit if you enrolled an individual in coverage through the Marketplace, you don't claim the individual as a dependent on your return, and no one else claims that individual as a dependent. For more information, see the Instructions for Form 8962.
